

YOU CAN HELP...

The Nursery has and continues to commit funds for improvement, and has a strategy in place to secure grants for the high cost items but as we all know, it's the little things that make the most difference.

By sponsoring items like those listed below you can be assured that you have made life easier for someone at the nursery. See how easy it is to fund nursery items below.

We will celebrate our supporters on our website and if you are a business we will provide links to your websites. (Please let us know if you do not want to publicise your donation).

Many businesses have previously provided funding to the Leschenault Community Nursery.

You too can join this list...

The nursery really appreciates your sponsorship and looks forward to the new and improved equipment you provide.
